

MARQUETTE CHEERLEADING

MISSION STATEMENT

The Marquette Cheerleading Program provides young women and men an opportunity to be involved in a program that stewards school spirit and community involvement. This group of athletes is dedicated to the time commitment it takes to positively represent themselves, team, program, and Marquette to the highest degree. As a group, we are focused on performances and generating school spirit during football, soccer, boys basketball, and girls basketball games. In addition, we take pride representing Marquette at Regional, State, and National Competitions. We strive for success through collaborating as a team to execute skills in stunting, pyramids, tumbling, jumps, and leading Mustang fans in game day cheers.

Our overreaching goal is to develop students who showcase a strong work ethic and character in the classroom and competition floor. We believe success is achieved by putting forth best effort at all times, respecting teammates and coaches, and leading fans with Mustang pride. As coaches, we promise to create a positive and safe environment for students to achieve their goals and develop into confident young women and men. We rely on parents to support these program goals and facilitate a positive atmosphere in the stands. We are one unified program that supports and celebrates the differences between other Marquette Programs. Together we are all Mustangs!
