We are trying something different this year with our lower level teams!

The **Blue Team** and the **Green Team** will practice together on a daily basis to intermingle skills in stunting, tumbling, cheers, chants, and band dances. In addition, the two groups will sideline cheer at JV and Freshman home contests on a rotating or combined effort depending on the week. The JV Competition Team will be comprised of members from both the Blue Team and the Green Team.

Our goal is to provide new and varied experiences to athletes in both the Game Day and Competition sides of cheerleading.

We are excited to offer this unique opportunity for the 2021-2022 season!
